

## DP Pro

Powered by:  **DataProject**

### Description

The DP Pro database is a unique market covering B2B multichannel datapool, containing 100% of French active businesses, and a wide variety of named contacts of decision-makers in French companies. The DP Pro file is primarily sourced from the French companies register (INSEE), and is enhanced with the Mailusine co-op data, which is built from the aggregation of many partnering response B2B data sources.

### Profile

This unique data combination includes absolutely any active company in France, and named contacts are all key decision-makers in companies, with more than 90 selectable job functions, all of them can be targeted on a multichannel approach.

### Available selects

Geo, Job function, Activity, Size, HQ / Branch, Legal form, creation date...

### RECOMENDED USAGE

**This database is suitable for absolutely any B2B marketer seeking for the largest audience, or wanting to reach niche markets in France. The data is also available for appending and analysis purposes.**

### Universe :

6,806,000 companies  
4,360,000 contacts

2,670,000 landline phones
